

Best-In-Class Solutions

Since 2007, WellnessIQ has enabled workplace wellbeing initiatives for hundreds of organizations globally. We work with companies and brokers to serve small and mid- market employers with measurable, turn-key wellbeing solutions that achieve goals, promote employee engagement, increase productivity, decrease absenteeism and reduce healthcare costs. By partnering with WellnessIQ, you will obtain a trusted resource whose sole focus is delivering and managing effective, measurable wellbeing initiatives for your employees.

Our Differentiators

Boutique, proactive approach to client management, strategic initiatives, and program design with customizable incentive management.

Multiple platforms, strategic services, and integrated experts and resources designed to fit any price point and level of sophistication.

Contractual advantages and flexible service models available.

Extensive national and global experience including GDPR compliance.
