

PRODUCER UPDATE

UPMC-GoHealth Urgent Care centers opening

UPMC has formed a joint venture with GoHealth Urgent Care. MedExpress and UPMC Urgent Care and Express Care centers are transitioning to UPMC-GoHealth Urgent Care centers.

As a result of this change, in-network urgent care centers will include 58 Pennsylvania and 23 West Virginia locations, with additional locations coming soon. UPMC Health Plan commercial members will receive care from UPMC providers with the benefit of more affordable, convenient care options.

Effective June 1, 2025, UPMC-GoHealth Urgent Care centers will be in-network providers for the UPMC Premium Network, UPMC Standard Network and UPMC Total *Advantage* Network. They will be added to the UPMC Partner Network and UPMC Select Network and move from Level 2 to Level 1 in the UPMC MyCare *Advantage* Network.

To find locations, your clients' employees can visit the [provider search on the UPMC Health Plan member site](#). As a reminder, they will also continue to have access to 24/7 convenient care options through UPMC AnywhereCare and the UPMC MyHealth 24/7 Nurse Line.

For a full list of former MedExpress and UPMC Urgent Care and Express Care centers that are transitioning to UPMC-GoHealth Urgent Care centers, [click here](#).

This communication has been distributed to all commercial accounts. For additional questions, please contact your UPMC Health Plan representative.
