XP Health will be available for UPMC Vision Care plans July 1

UPMC Health Plan is dedicated to helping your employees access all available cost-savings for vision materials. Effective July 1, 2026, XP Health will be available within UPMC Vision Care Prime, Deluxe and Premier plans for the Large Group (51+) portfolio. Through XP Health, your employees will have access to more choice, more convenience, and meaningful cost savings on vision materials.

What is XP Health?

XP Health is a digital vision care marketplace that helps employees maximize their vision benefits while enjoying a convenient, modern shopping experience. Through the XP Health Marketplace, employees can shop from thousands of eyeglasses, sunglasses, and contact lenses from top brands at discounted wholesale pricing.

What benefits will employees have through XP Health?

- Access to thousands of frames, contacts, and sunglasses
- Competitive, wholesale-level pricing
- Easy, online shopping from the comfort of home
